*Kleinood is a small family farm with just ten
hectares devoted to vines, and two under olive trees.*

*The rest of the farm is planted with trees and fynbos,
roses and irisses, vegetables and herbs.*

*But the indigenous forest, where the two rivers
meet, has been left wild.*

the tasting room

The tasting room on Kleinood is a homely extension of the winery. It captures the intimate and inviting spirit of this small and precious farm.

*On a rainy day, around the long table inside,
next to the cosy fireplace.*

*On a balmy day, next to the duck pond in the
courtyard filled with roses.*

*On a windless day, in the shade of the Old Oaks,
with a view of our vineyards and mountains.*

the tasting room menu
